RE: AIRS Facility No. 777-00310, Mickelsen Construction Co., Inc.
(Permit by Rule Registration Notification)

Dear Mr. Mickelsen:

The Idaho Department of Environmental Quality (Department) received a Permit by Rule Registration form for a Nonmetallic Mineral Processing Plant from Mickelsen Construction Co., Inc., on July 22, 2002. The registration is for the following equipment:

Eljay Cone
Serial No.: 23A0590
Capacity 215-285 T/hr

Cedarapids Screen
6'x16'
Serial No.: 46390

Cummins Generator
700kW
Grade 2 Fuel Oil

JCI Cone
Serial No.: Not given
(factory rebuilt 2002)
170-225 T/hr

JCI Screen
6'x16'
Serial No.: S021030

Your registration for Permit by Rule is in our files. There is no existing air quality permit associated with this facility; therefore, no termination action is required. We recommend that you maintain a copy of this letter and a copy of the enclosed registration form for your records.

Please be advised that the registered equipment must comply with the Rules for the Control of Nonmetallic Mineral Processing Plants in accordance with IDAPA 58.01.01.790 through 802, *Rules for the Control of Air Pollution in Idaho*. You can download a copy of the rules by visiting the rules page on the Department's web site at

http://www2.state.id.us/deq/assistance/industry_specific/rock_crushers.htm#permit_by_rule

Other Air Quality Requirements

You will be required to submit a portable equipment relocation form to the Department each time the plant is moved to a new site of operations ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience.
